SHANGHAI YANGHUA PAPER CO., LTD.

Shanghai Yanghua Paper Co., Ltd., established in 2009, has 7 years experience in foaming paper and packaging paper. Yanghua is the manufacturer which first successfully developed in the PE peelable foaming paper in China. And now, Yanghua has growth to be the largest and most professional local supporting enterprise for foam industry.

To fit the requirements of different foam sponge companies, we constantly update and improve our products and now we have different types of foaming papers for high, middle and low density foams. Such as peelable coated paper for high temperature foam and ventilate foaming paper for low density foam.

In order to provide better service, we invest a lot to expand our factory, upgrade the equipment, set the testing center, and bring in advantage technology.

We want to be the most reliable partner for you.

中密度海绵发泡纸

Foaming Paper for middle density foam

克重：	80g/90g/100g/120g 可定制
Weight:	80g/90g/100g/120g Can be customized
规格：	50mm-2600mm
Specification:	50mm-2600mm
用途：	适用于中等密度（18-40）的海绵
Usage:	Specially for the foam which density between 18-40
覆膜：	PE膜，易剥离
Coated:	PE Coated/ Peelable

样品 Samples :

- 001** 进口全木浆PE海绵发泡纸80g
PE foaming kraft paper (100% wooden pulp) 80g
- 002** PE海绵发泡纸100g
PE foaming kraft paper 100g
- 003** PE海绵发泡纸120g
PE foaming kraft paper 120g
- 005** 进口全木浆PE海绵发泡纸90g
PE foaming kraft paper (100% wooden pulp) 90g

低密度海绵发泡纸 Foaming Paper for low density foam

- 克重： 90g/120g 可定制
Weight: 90g/120g Can be customized
- 规格： 50mm-2600mm
Specification: 50mm-2600mm
- 用途： 适用于低密度 (< 18) 的海绵
Usage: Specially for the foam which density lower than 18

明星产品： 分离透气发泡纸 Star Product: Ventilate foaming paper

- 规格： 50mm-2200mm
Specification: 50mm-2200mm

可解决发泡过程中的开孔、闭孔以及花纹底问题。
Can resolve the problem of open-cell, close-cell and not flat in bottom.

纸与海绵可分离
The paper is easy to take off from the foam.

样品 Samples :

- 013** 普通牛皮发泡纸 120g
Foaming kraft paper 120g
- 017** 进口牛皮发泡纸 90g
High quality foaming kraft paper 90g
- TQ008** 分离透气发泡纸 90g
Ventilate foaming paper 90g

耐高温PE海绵发泡纸

High Temperature Resistance PE Coated Foaming Paper

- 克重： 80g/110g/120g 可定制
Weight: 80g/110g/120g Can be customized
- 规格： 50mm-2600mm
Specification: 50mm-2600mm
- 用途： 适用于高密度 (> 40) 的海绵
Usage: Specially for the foam which density higher than 40
- 覆膜： PE膜
Coated: PE Coated
- 优点： 可解决PE膜因高温融化而造成的不易分离问题
Advantage: High temperature resistance foaming paper can avoid unpeelable problem caused by film melt.

样品 Samples :

- NW009** 进口耐高温易分离海绵发泡纸80g
High temperature resistance peelable foaming paper 80g
- NW007** 耐高温不易分离海绵发泡纸110g
High temperature resistance unpeelable foaming paper 110g
- NW006** 耐高温易分离海绵发泡纸120g
High temperature resistance peelable foaming paper 120g

海绵背胶离型纸

Release paper for back gummed foam

克重： 85g/90g 可定制

Weight: 85g/90g Can be customized

规格： 50mm-2200mm

Specification: 50mm-2200mm

用途： 海绵背胶机专用纸

Usage: Special release paper for sponge back gummed machines.

样品 Samples :

GL001 海绵背胶离型纸85g

Release paper for back gummed foam 85g

GL002 海绵背胶离型纸90g

Release paper for back gummed foam 90g

包装纸

Packaging Paper

克重： 85g/120g/180g/190g/230g 可定制

Weight: 85g/120g/180g/190g/230g Can be customized

规格： 50mm-2600mm

Specification: 50mm-2600mm

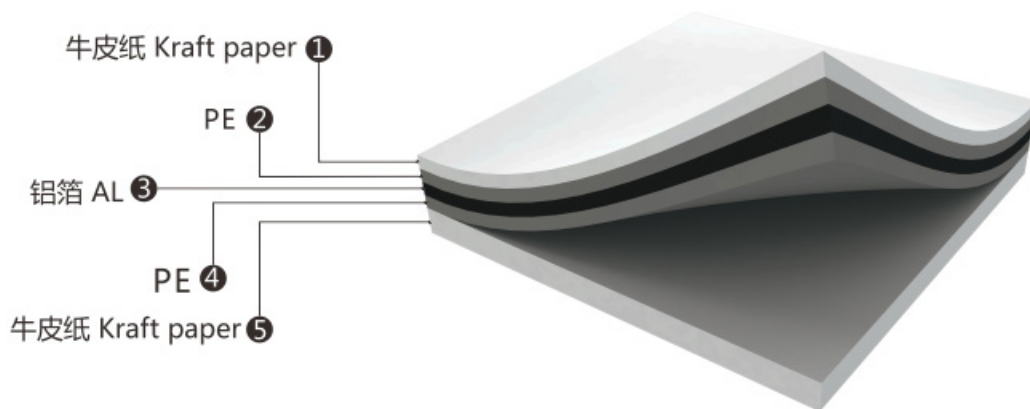

用途： 适用于各种产品的包装

Usage: Special for packaging industry

新产品： 铝箔防潮包装纸

New Product: LV Water-proof packaging paper

克重可量身定制 (GSM can be customized)

样品 Samples :

BZ027 PE淋膜纸120g
PE coated paper 120g

028 防锈包装纸180g
Anti-tarnish paper 180g

BZ029 编织复合牛皮包装纸190g
Woven PE kraft paper 190g

BZ030 编织复合牛皮包装纸 (纸袋纸) 85g
Woven PE kraft paper (sack paper)85g

BZ031 铝箔防潮包装纸230g
LV water-proof packaging paper 230g

昆山华满仓离型材料有限公司

昆山华满仓离型材料有限公司，隶属于昆山华时代新材料集团，是一家从事离型材料的研发、生产和销售的专业厂商；公司实行类军事化管理，吸收业界高端的制造、研发、服务人才。公司引进进口高精密大宽幅（2200mm）的涂布、淋膜和印刷设备，拥有10万级无尘涂布和淋膜车间，秉持打造“中国离型材料第一品牌”的愿景，为客户提供质高价优的离型产品及一流的产品支持服务，我们愿以最专业的角度和最专业的态度为您解决离型材料使用中和产品配型方面所面临的难题。

产品服务于胶带、标签、电子模切、FCCL、卫生用品、食品包装、橡胶、医疗、广告耗材、复合材料等行业，华满仓将是您最好的解决方案提供商和合作伙伴。

Kunshan Huamancang Release Materials Co., Ltd., belongs to Faster Group, focus on release materials R&D, production and sale.

In order to promote our competence, we take management similar to militarization, employ professional personnel, bring in advantage import coating and printing machines (high density, width can be 2200mm), build dust-free workshop. We supply the best products, service and solution to our clients and trying to be “the first brand in release industry”.

The company services to tape, labels, electronic cutting, FCCL, healthsupplies, food packaging, rubber, medical treatment, AD materials, composite materials and other industries.

产品：离型纸

Product : Release Paper

产品种类包含：格拉辛类、cck类、单塑类、双塑类、膜类；

产品按涂布种类分为：

- 无溶剂有机硅类：剥离力小于3gf/25mm和按客户要求定制3-1000gf/25mm区间内的任意剥离力（基于tesa7475标准胶带）；
- 溶剂型有机硅类：按客户要求定制3-800gf/25mm区间内的任意剥离力（基于tesa7475标准胶带）；
- 非硅类：定制剥离力区间5-80gf/25mm（基于Nitto31B检测胶带）。

Product categories include: Glasin, CCK, Single Plastic, Double Plastic, Membrane.

According to the coating material, the products can be divided into :

- Solvent-less silicone classes: peel force less than 3 gf / 25 mm. Or arbitrary stripping force range between 3-1000gf / 25 mm by customized (based on tesa7475 standard tape).
- Solvent silicone classes: Arbitrary stripping force range between 3-800gf / 25 mm by customized (based on tesa7475 standard tape).
- Non-silicone classes: Peel force between 5-80gf/25mm by customized (based on Nitto31B test tape).

产品：热敏电子面单

Main Product : Heat sensitive E-way bill

特点：

- 面层可多联次实现可剥离和不可剥离。
- 中层可实现四色套印和定制企业广告
- 打印清晰，不卡纸、不起翘、不卷曲、粘性牢
- 信息保存时间长，三防效果好

Product Feature:

- Multi-layer, peelable / unpeelable.
- Four color overprint for the middle layer, can custom AD.
- Clear print, non paper jam, no crack, no curly, strong viscosity.
- The information can kept for a long time, good effect of water-proof, prevent oil and friction.
